ENABLES BETTER BENEFITS BY DESIGN

ICHRA = Personalized Health Coverage

ICHRA legislation passed in 2019 and became effective January 2020. The ICHRA coverage model is a modern, tax-advantaged health insurance solution that helps employers take control of healthcare budgets. It also gives employees more choice and greater control over their health insurance premium spending.

Their Budget. Their Choice.

Dozens of vendors and programs with more being added everyday, each designed to provide choice and support all aspects of employees lives from physical, mental, emotional and financial.

By providing employees with the ability to personalize their benefits and easily pay for the services they value, employers are enhancing engagement, satisfaction, and ultimately, employee retention.

Give your employees the health, wellness & financial enrichment they need and deserve!

Onsite Health Solutions (GA) provides the tools and resources necessary to create the optimum healthcare financing strategy for your organization and workforce.

Because your employees deserve better. To choose. To be happy!

Empower employees to choose benefits they want and need.

PERSONAL, PRIVATE AND PORTABLE

The value of our benefits marketplace lies in its ability for employers to cater to the diverse needs, lifestyles, and circumstances of each employee. Employees have the freedom to select from a wide array of offerings, ensuring that they derive the maximum value from their benefits package. Personalized benefits programs enhance employee engagement and satisfaction.
